Teacher Notes:

Please be sure to practice skills over the break. We want to keep moving forward!

We have been working on saying all letters with a one minute timer. There are 70 capital and lowercase letters

mixed up in straight rows that we are speed saying. Work on this with your

child. We hope to be able to accomplish the whole list in the minute by April!

(No one has made it yet, but a few are getting close!)

Report cards come home on January 12.

I will be testing the week we return, so please review over the break. Long term memory is true mastery!

Merry Christmas
